

SCHOOLBOOK ... What is it? How does it work?

Schoolbook is online software designed to track a student's academics, assignments and attendance. ALL the high school students were given an ID and Password to access their account. This gives the students an opportunity to monitor their progress in their classes. Students should be sharing the information with their parent/guardian. If you have trouble accessing your account or if you forgot or lost your ID and Password, please see Mrs. Marquette in the guidance office.

To access the system:

1. Click on the Schoolbook logo on the opening page of Western Wayne's website (www.westernwayne.org).
2. Enter your Western Wayne student identification number as your username. ***(New students Login and Password are the same as their ID number. Once you are in the system, make sure you change your password and login)***
3. Enter the password provided to you. Once this is completed you will be allowed access to your grades and assignments.

To view Academic information:

1. Click on Academic Tab at the top of the page.
2. Choose which class you want to view.
3. Click on Grades Tab (to the right of the Attendance Tab)
You can view Exam, Quiz and Homework information for ALL CLASSES.

To view other options:

1. Upcoming Assignments-
Click on the Home Tab, Click on WWHS
Calendar to view some upcoming assignments.
(Click often – as teachers update this.)
2. Attendance – Click on the Attendance Tab and then the Cumulative Attendance.
