The University of Pittsburgh Health Career Scholars Academy (UPHCSA) and the Pennsylvania School for Global Entrepreneurship (PSGE) at Lehigh University, former Governor's School programs, are accepting applications for the 2012 summer programs. **Current high school sophomores and juniors are encouraged to apply. Application due date is February 15, 2012, but all are encouraged to apply early.** Limited partial scholarships are available for students of need.

Applications and further information on the Global Entrepreneurship program can be found at

<http://www.iacocca-lehigh.org/govschool/overview1.html>

For applications and further information on the Health Career Scholars Academy, visit the website at

<http://www.hcsa.pitt.edu>.

The goal of the **UPHCSA** is to introduce students to the world of health care, including issues of primary care, prevention, public health, human growth and development, and areas of practice. Students will participate in hands-on learning, core courses, concentration courses, small discussion groups, simulations, team projects, presentations and multiple site visits. In addition, two job shadowing experiences offer attendees the opportunity to observe local health care professionals interacting with patients, delivering care, and performing their daily duties. The living-learning experience will prepare students to be empathetic and culturally competent in their careers, understand what course of action is necessary for them to reach their goals, and incorporate what they learn into a medical profession.

The purpose of the **PSGE** program is to expose students to the topics of entrepreneurship, global networking, team building, project management, leadership and working in a culturally diverse environment. All students will attend core courses, elective courses and entrepreneurial exchanges with leaders from business, industry, government, education and the non-profit community. Entrepreneurial excursions to local sites of interest including field trips to New York City and Harrisburg will be a part of the weekly schedule. Working in teams according to skill and interest areas, students are assigned to a real-world company where they will spend one day a week working on a project and problem-solving for that organization. Students prepare a formal marketing or business plan and presentation for the company executives.

What is Upromise? Many parents see college as a necessity for their children, and starting early and saving regularly can make all the difference. CLEP Shorten Your Path to a College Degree. **Western Wayne High School is an ONLINE TESTING SITE for CLEP !!!!**
What Is CLEP? CLEP (College Level Examination Program) is the most widely accepted **credit-by-examination program** in the United States today, helping students of all ages earn college degrees faster by getting credit for what they already know. By receiving a satisfactory score, you can earn from **3 to 12 college credits** toward your college degree for each CLEP you take, depending on the exam subject. **Save time.** Get college credit for what you already know. Be rewarded for what you've learned through independent study, advanced high school courses, noncredit adult courses, or professional development. CLEP offers 33 examinations in five subject areas. The tests cover material usually taught in a two-year degree program or in the first two years of a four-year program. Exams are approximately 90 minutes long, with the exception of College Composition, which is 120 minutes. Exams contain mainly multiple-choice questions. College Composition and a few other exams contain other types of questions and essays. For a complete list of CLEP tests and to schedule a testing time please see Ms. Tagle in the guidance office.

PA Free Enterprise Week (Summer Sessions- July 8-14, or July 15-21, or July 29 – August 4 or August 5-11)

Thirty-two years ago, the founders of Pennsylvania Free Enterprise Week hoped to create an educational experience where the youth of Pennsylvania could learn about the wonders of our private enterprise system and what it means to our democratic form of government. That tiny first program, with fewer than 100 students, has grown to be an internationally acclaimed annual event modeled by dozens of other states and foreign countries. In 2010, nearly 1,400 students graduated.

To accommodate the ever increasing number of young people hoping to take the "PFEW journey", PFEW is now being held at two different campuses - Lycoming College and Pennsylvania College of Technology, both located in Williamsport, PA. Pick up a fact sheet in guidance. Register by **April 6, 2012** or log onto www.pfew.org.
